Dear Len and Penny

Hope this letter finds you and children all well. your letter of 13 June got here several days after Gloria and children had left for U.S. They have written to me from Ohio where they had reservation for a week. I am sure they must be in Chicago by now and probably have already contacted you. Unfortunately it did not prove possible for me to come to U.S. with the family or on a business. Our University apparently is closing shop here and moving to its new home in Isfahan. This year we are accepting Freshman class only in Isfahan. My own situation is not clear at the time of this writing whether I will be in Isfahan or Tehran next year. I am also considering a move completely out of Arya-Mehr University. But regardless of whatever the choice for future, the business of having the ^{new} campus ready for 1000 Freshman class next September 21 is keeping all of us running this summer. The work on the completion of our new house has been in progress since mid-spring. I think we now have it in a situation where we can quit, or at least be

The work on the completion of our new house has been in progress since mid-spring. I think we now have it in a situation where we can quit, or at least we better do so. The pool will be ready when Gloria and children get back. Considering the difficulties and the

this one action
on the house should
prove enjoyable and
economical for the
family.

Please say hello
to Marianne, Chris
and Mike. I guess
I should make a
point of coming to
states and visiting
you before a time
comes that when
you introduce me
to the children, they
will have difficulty ⁱⁿ
remembering me. of course
Len doesn't have
to worry about
